Instructions for Completing the Certificate of Origin

Field 1: State the full legal name, address (including city and country), telephone number, fax number, and e-mail address of the exporter.

Field 2: Complete this Field if the Certificate covers multiple shipments of identical goods as described in Field 5 that are imported into Korea or Peru by the same importer for a specified period of up to 12 months (blanket period). "FROM" is the date upon which the Certificate becomes applicable to the good covered by the blanket Certificate (it may be earlier than the date this Certificate is signed). "TO" is the date upon which the blanket period expires. The shipment of a good for which preferential tariff treatment is claimed based on this Certificate must occur between these dates.

Field 3: If one producer, state the full legal name, address (including city and country), telephone number (optional), and e-mail address (optional) of said producer. If more than one producer is included on the Certificate, state "VARIOUS" and attach a list of all producers, including their legal names, addresses (including city and country), telephone numbers (optional), and e-mail addresses (optional) cross-referenced to the good(s) described in Field 5. If you wish this information to be confidential, it is acceptable to state "AVAILABLE UPON REQUEST".

Field 4: State the full legal name, address (including city and country), telephone number, fax number, and e-mail address of the importer.

Field 5: Provide a full description of each good. The description should contain sufficient detail to relate it to the invoice description and to the Harmonized System (HS) description of the good. If the Certificate covers a single shipment of a good, it should list the quantity and unit of measurement of each good, including the series number, if possible, as well as the invoice number as shown on the commercial invoice. If not known, indicate another unique reference number, such as the shipping order number, purchase order number, or any other number that can be used to identify the goods.

Field 6: For each good described in Field 5, identify the HS tariff classification to six digits.

Field 7: For each good described in Field 5, state which criterion (A through D) is applicable (select one). The rules of origin are contained in Chapter Three (Rules of Origin) and Annex 3A (Product Specific Rules of Origin).

Origin Criteria

A   The good is "wholly obtained or produced entirely" in the territory of one or both of the Parties, as referred to in Article 3.1.1(a).

B   The good is produced entirely in the territory of one or both of the Parties exclusively from originating materials as referred to in Article 3.1.1(b).

C   The good is produced entirely in the territory of one or both of the Parties and satisfies the specific rule of origin, set out in Annex 3A (Product Specific Rules of Origin), as referred to in Article 3.1.1(c).

D   The goods subject to Article 3.15 (Principle of Territoriality).

Field 8: For each good described in Field 5, state "YES" if you are the producer of the good. If you are not the producer of the good, state "NO" followed by (1), (2), or (3), depending on whether this Certificate was based upon: (1) your knowledge of whether the good qualifies as originating; (2) your reliance on the producer's written representation (other than a Certificate of Origin) that the good qualifies as originating; or (3) a completed and signed Certificate for the good, voluntarily provided to the exporter by the producer.

Field 9: For each good described in Field 5, where the good is subject to a regional value content (RVC) requirement, indicate "BD" if the RVC is calculated according to the build-down method, or "BU" if the RVC is calculated in accordance with the build-up method. (Reference: Article 3.3 (Regional Value Content (RVC))).

Field 10: Identify the name of the country of origin ("KR" for all originating goods exported to Peru; "PE" for all originating goods exported to Korea).

Field 11: This Field may be used when there are additional remarks relating to this Certificate, such as, when the good or goods described in Field 5 have been subject to an advance ruling or a ruling on the classification or value of materials. Indicate the issuing authority, the reference number, and the date of issuance. If Article 3.7 (De Minimis) is applied, an indication may be made in this Field.

Field 12: This Field must be completed, signed, and dated by the exporter or the producer. The date must be the date the Certificate was completed and signed
